NOTE.—It will be observed that the net receipts from Reproductive Services were almost sufficient to pay the interest on the whole of the Public Debt. The result of the working of Partly Productive Services and of Public Buildings, &c. (either net receipts or net expenditure), is not given, as the figures cannot be ascertained satisfactorily. It must be remembered, however, that these works have been of great service in helping the development of the State, and without them the Reproductive Services would not show so high a return.
